Pregnancy Options

If you are pregnant, you have a lot to think about right now. Thoughts about your future, family, health, and your partner are probably taking up much of your time and attention. You have several choices available to you concerning your pregnancy: continuing the pregnancy and becoming a parent, continuing the pregnancy and making an adoption plan, or ending the pregnancy by having an abortion. You have the right to choose the option that you feel is most acceptable to you. Planned Parenthood staff members are available to provide information and in a confidential setting to sort out your feelings. Additional counseling is available to help you find the resources that may best fit your needs.

Opciones de embarazo

Si usted está embarazada, tiene mucho en qué pensar ahora. Los pensamientos acerca de su futuro, su familia, su salud y su pareja probablemente están tomando mucho de su tiempo y atención. Usted tiene varias opciones disponibles respecto de su embarazo: continuar el embarazo y convertirse en madre, continuar el embarazo y hacer un plan para adopción, o terminar el embarazo por medio de un aborto. Usted tiene derecho a elegir una opción que sienta que es la más aceptable para usted. Los miembros del personal de Planned Parenthood están disponibles para brindarle información y darle un lugar confidencial para clarificar sus sentimientos. Hay asesoramiento adicional disponible para ayudarle a encontrar los recursos que mejor puedan satisfacer sus necesidades.

Insurance Needs

Insurance Needs		
Planned Parenthood of Illinois Enrollment Specialist	877.520.7745 Voicemail Line	Enrollment specialists can help those who qualify with Medicaid coverage with the application process and assist pregnant people with MPE coverage. (For those that qualify) English/ Spanish
Medicaid Presumptive Eligibility (MPE)	800.843.6154	Program for pregnant women needing prenatal care who are low- income but not on Public Aid. Provides 45 days of health care, during which women can apply for a Medicaid card. Spanish- speaking.
PPIL Sliding Fee Scale option	Offered at PPIL	Sliding fee scale is provided for patients who qualify and depends on your family size and income where if a patient qualifies they pay a certain percentage.

Prenatal & Delivery Referral Resources

Parenting & Prenatal Care

You can start your initial prenatal care, under our Bridges to Prenatal Care Program here at Planned Parenthood of Illinois or you will need to arrange care with an outside provider. Prenatal care is essential during pregnancy to make sure that you and your baby are healthy. People who do not get adequate prenatal care have a greater chance of having a miscarriage, a premature birth, or other health problems. When you go for your prenatal care visits, the clinician will examine you, do necessary testing, and counsel you on how to stay healthy and have a healthy baby. Since payment for prenatal care is different at different providers, make sure to discuss this with your provider when you make your first appointment.

Bridges to Prenatal Care is a service we offer for all pregnant patients who are at least 8 weeks gestational age and no more than 36 weeks gestational age with prenatal care. The service includes up to three prenatal care visits, initial prenatal lab work, ultrasound, fetal genetic screening, prenatal vitamins, and assistance with identifying an external provider to continue your pregnancy journey.

Health Center Locations:

- Austin Health Center
- Englewood Health Center
- Flossmoor Health Center
- Roseland Health Center

Crianza y atención prenatal

Por lo que usted necesitará hacer arreglos con un proveedor de servicios externo. El cuidado prenatal es esencial durante el embarazo para estar seguros de que usted y su bebé están sanos. Las mujeres que no reciben atención prenatal adecuada tienen una mayor posibilidad de perder el embarazo, de tener un parto prematuro, u otros problemas de salud. Cuando usted vaya a sus visitas de atención prenatal, el médico clínico la examinará, hará todas las pruebas necesarias, y le orientará sobre cómo mantenerse sana y tener un bebé sano. Como el pago por la atención prenatal es diferente con diferentes proveedores, asegúrese de hablar sobre esto con su proveedor cuando haga su primera cita

Bridges to Prenatal Care es un servicio que ofrecemos para todas las pacientes embarazadas que tienen al menos 8 semanas de edad gestacional y no más de 36 semanas de edad gestacional con atención prenatal. El servicio incluye hasta tres visitas de atención prenatal, análisis de laboratorio prenatal inicial, ultrasonido, detección genética fetal, vitaminas prenatales y asistencia para identificar un proveedor externo para continuar su viaje de embarazo.

Ubicaciones de los centros de salud:

- Centro de Salud de Austin
- Centro de Salud de Englewood

- Offers a full range of prenatal diagnostic services. Also offers counseling and family support.

Adoption Resources

PPIL has a partnership with The Cradle, an adoption agency based in Evanston. The Cradle counselors provide:

- Objective decision-making counseling about options and concerns
- Referrals for medical care, housing, and financial aid
- The opportunity to talk with other women facing the same decisions
- Additional support available, should the client make the decision to place a child for adoption
- Coverage for reasonable pregnancy and birth related expenses if the client places her child for adoption with The Cradle
 - Online anonymous IM Chat, or text at (224) 489.1369
 - 24-hour support at (800) 272.3534

All counseling services are confidential and free of charge
