of the federal poverty guideline (\$29,160 for a one-person household annually) and 61% of patients were in their teens or twenties. We ensured access for uninsured/underinsured patients by delivering over \$3.9 million in free/discounted care through our sliding fee scale program. PPNNE also continued to offer expanded support to patients through our integrated behavioral health program, which currently operates in Vermont and Maine. Also in FY23, our organization implemented a new electronic health record system to achieve long-term benefits, including enhanced efficiency, patient access, and care quality. This was an extensive project that temporarily decreased capacity in FY23. Patient satisfaction with their care experience remained very high. Highlights of FY23 survey results included that patients felt the services offered met their needs (scoring 96 out of 100 points), staff protected their safety (96/100), and they were treated with compassion and respect (97/100). As a result, patients were extremely likely to recommend PPNNE to others (97/100).

Form 990, Part III, Line 4d, Other Program Services:

PPNNE's communications and marketing program works to increase awareness of PPNNE services, our sexual health expertise, and our accessible, affordable, and nonjudgmental care - leading to more underserved people receiving services. This multi-faceted work includes updating web content, health center signage, social media, patient communications, digital and print ads, and more. In FY23, this work continued to play a key role in ensuring that people knew they could rely on PPNNE for essential sexual and reproductive health care. As one indicator of the effectiveness of this outreach, during FY23 PPNNE served 15,372 patients who were new or hadn't been seen in the past three years, primarily young people and those with low incomes. Expenses \$ 217,094. including grants of \$ 0. Revenue \$ 0.
